SCIENTIFIC COMMITTEE

The Scientific Committee is chaired by Dr. Carla Palma (Hydrographic Institute) and includes members from various institutes, research centers, and universities, both Portuguese and Spanish.

The full list of members of the Scientific Committee can be consulted [here](#):

[Click to see more](#)

The **4th Luso-Spanish Hydrography Conference** will take place at the **Hydrographic Institute headquarters**, in Lisbon, on **24, 25 and 26 June 2026**.

Held as part of the celebrations of **World Hydrography Day (21 June)**, this Conference is intended as a forum for debate within the scientific community on topics related to hydrography and associated fields.

Those interested in presenting papers must submit an abstract of their proposed communication by **13 March 2026**, in accordance with the instructions available on the Conference website.

Acceptance of papers is subject to the submission of the corresponding extended abstract by **20 April 2026**.
